

Dual Credit Partnership Agreement
Jacksonville College and Mingo Valley Christian School
2022 Fall Semester and 2023 Spring Semester

Jacksonville College is a private, two-year, faith-based institution, accredited by the Southern Association of Colleges and Commission on Colleges. The College aligns its 60 hour associate degree core requirements with the requirements of the Texas Higher Education Coordinating board for public institutions.

STATEWIDE DUAL CREDIT GOALS

Jacksonville College also strives to meet the **Statewide Dual Credit Goals as listed in the Texas Education Code (TECP 130.008) (1995).**

Goal 1: Independent school districts and institutions of higher education will implement purposeful and collaborative outreach efforts to inform all students and parents of the benefits and costs of dual credit, including enrollment and fee policies.

(See **TUITION and FEES Policies** section of this agreement. Information regarding the benefits and costs of dual credit are also available in the Jacksonville College 2022-2023 Dual Credit handbook published on the JC website www.jacksonville-college.edu/dual-credit-handbook.)

Goal 2: Dual credit programs will assist high school students in post-secondary education.

(The Jacksonville College Dual Credit Program provides an opportunity for academically strong high school students to enroll in college-level courses that fulfill high school graduation requirements. Students may also choose to take courses beyond high school requirements if the courses fit their instructional needs and are Texas Core Curriculum courses that transfer.)

Goal 3: All dual credit students will receive academic and college readiness advising with access to student support services to bridge them successfully into the college course completion.

(Students begin by visiting with their high school counselor to determine if dual credit courses are possible and to determine if they are eligible. Students must show college readiness through standardized test results. High school counselors are familiar with eligibility requirements and appropriate scores for dual credit admission.

Students must meet all admission requirements and the prerequisites for each course that is taken. High school counselors assist students with admission applications, submission of high school transcripts, and registration for the Dual Credit Program. Jacksonville College advisors, and the Academic Dean or Registrar may also offer advising guidance to dual credit students. *Dual Credit Handbook 2021-2022* <https://www.jacksonville-college.edu/dual-credit-handbook>)

(For a detailed list of student services available to dual credit students, see the **SUPPORT SERVICES SECTION** of this agreement.)

Goal 4: The quality and rigor of dual credit courses will be sufficient to ensure student success in subsequent courses.

(See **COURSE QUALITY AND RIGOR** section of this agreement.)

DUAL CREDIT ENROLLMENT GUIDELINES

A current sophomore, junior, or senior-level student in a U.S. high school or *homeschool* high school may enroll as a student at Jacksonville College and receive college credit for courses taken and completed successfully ("concurrent enrollment").

Before taking English or math courses for college credit, students must take a placement test and obtain requisite scores or meet other criteria. The student may not enroll in college-level English or math if placement scores indicate that developmental education is needed in those areas.

Students may enroll for college-credit courses on the college campus (dual-credit or concurrent enrollment). In either case, the high school must give permission for students to enroll and should indicate whether the course will be accepted for dual-credit or college credit only. Both dual-credit enrollment and concurrent enrollment students, whether attending class on the high school campus, online, or on the college campus, are subject to the published Jacksonville College admissions procedures and requirements, and other applicable policies.

Any high school student enrolled with Jacksonville College must have a complete student record at the College including date of birth, ethnicity, gender and social security number or other applicable identification number.

COURSE QUALITY and RIGOR

A course offered on the high school campus is administered by the same policies as those taught on the college campus, including instructor qualifications, course syllabi, student placement in English or mathematics classes, student grades, and evaluation of course instruction.

TUITION and FEES POLICIES

The Jacksonville College Board of Trustees establishes tuition rates annually. The tuition for Dual Credit students in long terms is at a reduced rate.

- Students taking dual credit courses on a high school campus pay a tuition rate of \$70.00 per credit hour.
- Students taking courses on the college campus, either for dual credit or college credit pay a tuition rate of \$290.00 per course during long terms.

- Students taking courses online through Jacksonville College, either for dual credit or college credit only, pay a tuition rate of \$290.00 per course during long terms.
- All student tuition payments are due to Jacksonville College the last business day prior to October 1 for the fall semester and the last business day prior to March 1 for the spring semester, or a written payment plan can be created and begun. Students who have not paid fees by dates arranged with the JC business office will be removed from all courses by the college administration, and the high school counselor(s) will be notified.
- Students taking courses during short terms pay a flat tuition rate of \$ 185.00 for a 1 hour course, \$485.00 for a 3 hour course, and \$585.00 for a 4 hour course. No payment plan is available during short terms. Tuition is due to Jacksonville College on the first class day of the short term.

PLACEMENT AND TESTING FEES

Initial placement tests are available to high school dual credit students at no charge. If further testing is required, the student will be responsible for a \$35.00 testing fee. Placement tests available on the college campus are by appointment only or online by request.

TRANSCRIPTS

Official Jacksonville College transcripts will be released at the student's request once an official high school transcript showing high school graduation is presented to the college. Current high school students may print an *unofficial* Jacksonville College transcript from EMPOWER if they need to show pre-graduation college coursework to another college/university for evaluation of transfer credit.

STUDENT SUPPORT SERVICES AVAILABLE TO DUAL CREDIT STUDENTS

Library – The Norman Library on the Jacksonville College campus serves the students and faculty with quality, authoritative resources. The library has a variety of both print and electronic resources to provide for the general research and information needs of students. Dual Credit students have access to the Norman Library on the campus of Jacksonville College and can request a Dual Credit library card. This card allows Dual Credit students to use the library facilities, including all the resources available to all other students. Dual Credit students needing assistance may email the library at library@jacksonville-college.edu or call the Norman Library Staff at (903) 589-7116 during regular library business hours. Dual Credit students are also enrolled in a library course in Moodle which gives them access to the library catalog, databases and the same information available to all other students. Students have access 24/7 to online databases using their Jacksonville College login and password. **These are subscription databases; information should not be shared or posted for open access.**

Advising and Counseling Services – Academic advising is provided primarily by the dual credit student's high school counselor; however, faculty advisors are available to each student enrolled at Jacksonville College. Faculty advisors are available during their scheduled office hours and can help students configure class schedules, discuss degree plans, and assess career fields of study.

Spiritual advising is available to all students through the Dean of Students. Many college personnel, including various administrators, faculty, and staff, are also able to assist students in the area of spiritual concerns.

In addition to the dual credit student access to high school counselors, professional counseling services are available and may be required for students with drug and/or alcohol dependency problems, anxiety and depression concerns, and suicidal thoughts or attempts. Information about substance abuse and treatment services is available through the Dean of Students, the housing staff, and literature distributed on campus. The Crisis Center of Anderson and Cherokee Counties partners with Jacksonville College to provide free counseling services to students who are victimized by child abuse, sexual assault, or family/ dating violence. Information about abuse and violence is available through the Dean of Students, the Chief of Security, and literature distributed on campus.

Learning Center –The Teaching and Learning Center (TLC) at Jacksonville College strives to assist students with their educational needs. The TLC provides quality tutoring in a distinctly Christian environment, focusing on mathematics and writing in all disciplines. In addition, the TLC assists instructors and administrators with research and classroom extension services, testing, and providing supplementary instruction for students. The TLC is open to all students and is located in the Watson Room of the Library. The TLC is open during the Fall and Spring semesters, Monday through Thursday from 9:30-11:30 a.m. and 1:00 p.m. to 4:00 p.m. except for school holidays. **Distance and online users may call (903) 586-2518 ext.7240 for personal assistance during TLC operating hours.**

Information Technology – The Jacksonville College Information Technology (IT) Department is committed to supplying students with the technological resources needed to achieve their educational goals. The department is responsible for acquiring and maintaining all technology equipment and services used by the college. An IT helpdesk service is provided for students needing help with technical issues.

PUBLICATION OF DUAL CREDIT POLICY and DUAL CREDIT PARTNERSHIP AGREEMENT

All policies stated in the Dual Credit Agreement are published in the *Jacksonville College Dual Credit Handbook* (<http://www.jacksonville-college.edu/dual-credit>), and the *Faculty Addendum to the Dual Credit Handbook*, posted in the Employee Resources section of Moodle. A sample copy of the Dual Credit Home-School High School Partnership Agreement is published on the Jacksonville College website. (See Jacksonville College website www.jacksonville-college.edu/dual-credit)

JACKSONVILLE COLLEGE STRATEGIC OBJECTIVES AND GENERAL EDUCATION LEARNING OUTCOMES

The following Strategic Objectives and General Education Learning Outcomes provide the basis for all Jacksonville College Curriculum:

Strategic Objectives (Derived from Jacksonville College's Mission Statement)

- (1) Provide a Christ-centered, quality education that prepares students for further educational endeavors.
- (2) Promote lifelong learning for students, faculty, staff, and community.
- (3) Produce students who are equipped for Christian servant leadership in the global community.

General Education Learning Outcomes

Information Literacy Skills –Jacksonville College graduates should be able to apply principles of information literacy to engage in research, analyze evidence, and form conclusions/judgements to meet specific course requirements and develop skills for lifelong learning.

Communication/Presentation Skills –Jacksonville College graduates should be able to formulate and organize ideas resulting in purposeful presentations, which increase knowledge, foster understanding, and affect the attitudes, values, and beliefs of themselves and others.

Collegiate Level Competencies in Critical Thinking, Mathematics, Reading and Writing – Jacksonville college graduates will demonstrate collegiate level competencies that meet or exceed the national norms as evidenced by scored responses on a standardized assessment.

JACKSONVILLE COLLEGE COURSE CREDIT SPECIFIC TO THIS AGREEMENT

Jacksonville College is pleased to enter into a dual credit partnership with Mingo Valley Christian School. Jacksonville College and Mingo Valley Christian School agree that Jacksonville College credit courses in which the student is enrolled in 2022-2023 semester/s may count as Dual Credit or Jacksonville College Credit.
