**Student Verification 2026-2027**

Your 2026-2027 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law states that before awarding Federal Student Aid, we may ask you to confirm the information you and your spouse (if applicable) reported on your FAFSA. To verify that you provided correct information, the financial aid office will compare your FAFSA with the information on this worksheet and with any other required documents. If there are differences, your FAFSA information may need to be corrected. Complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the financial aid office. We may ask for additional information. If you have questions about verification, contact the financial aid office as soon as possible so that there will be no delays or suspension regarding your financial aid.
